WHY THIS MAY BE OCCURRING
HORMONAL CONTRACEPTIVES MAY DISRUPT A WOMAN'S NATURAL CYCLES. THEY ALL AIM TO KEEP HORMONE LEVELS CONSTANT BY PROVIDING SYNTHETIC HORMONES WHICH SUPPRESSES OVULATION AND CREATES A HOSTILE ENVIRONMENT

An illustration of a woman's body with a large 'X' over the reproductive area, symbolizing a hostile environment.

Approximately 65 percent of women in the United States are using some type of contraception,

and over 99 percent of all women will use a form of contraception at some point in their lives.

An illustration of a pill bottle and a pill.

Approximately 65% of women in the United States are using some type of contraception,

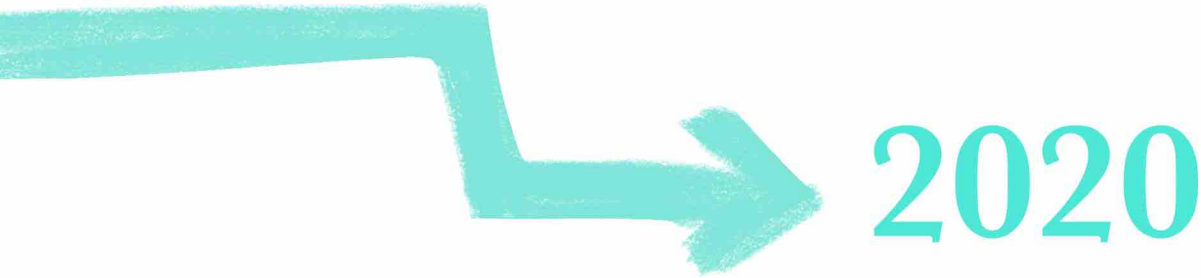

and over 99% of women will use a form of contraception at some point in their lives

A circular chart showing 65% and 99%.

This group consists of young men ages 12 - 14. Groups will be limited in size and will be led by a team of (2) therapists, ensuring each participant receives individualized care.

FLIGHT & TRAVEL information

Specific flight information will be provided so that participants can travel together on the same flight with the therapists. Logistical support provided by Epic Treks, Brett Bagley CACI

OUR MISSION

Our small group will travel to southern Utah for the adventure of a lifetime, while discovering real-world skills to apply to everyday life.

Our therapists, **Matt Reynolds** and **Dustin Ducharme**, will boldly lead the team through a variety of outdoor activities inside and around Zion National Park. The trip will challenge the group members to meet adversity with a brand new perspective.

Join us to develop the **skills and resilience** to be successful in life!
